

LED LIGHT

LED LIGHT NEW

- The light can satisfy different operation requirements through its special optical software design.
- The unique spectral optical filter ensures the excellent color restoration.
- The energy-saving LED element with lowest heat emission feature and cool light characteristic ensures the low surgical field temperature risen.
- With over 30,000 hours effective working life, vitalife can extremely save the maintenance cost.

- The medical class LED is from German Osram Company.

- easy for cleaning and can save more space through its streamline design.
- Options: 1080p--Integrated Full HD Digital Camera (silver/dark blue) and Touch-screen Control

- The professional MIS mode (green or white light).
- The detachable handle made of special material can be sterilized in 135 C autoclave more than 3000 times.

- Ultrathin appearance design
- The excellent lighting depth and shadowless effect makes the operation under different environment.

Technical Data	LED LIGHT
Central Illuminance (Lux)	160,000
Color Rendering Index(Ra)	>95
Color Temperature(K)	A:4500 B:3500 4000 4500 5000(Optional)
Focusable Light-field Size(mm)	150-300
Effective Bulb Service Life(hour)	>30,000
Diameter Lamp Housing(mm)	700
Lighting Depth L1+L2(mm)	>1000
Power(W)	80
MIS Lighting	Green or White Light

- Options ● Remote control ● Touch-screen Control ● HD camera
